## Cute Crocs

Just one year on the market, the Crocs for Kids range is (almost literally) walking off the shelves, says Angie Miranda, owner of the Fussy Feet children's shoe store in Rose Bay, Sydney. "But the biggest news are the Jibbitz, these little flowers and accessories that you can now put in the little holes to personalise your Crocs!" Crocs are available nationally, with the Jibbitz add-ons – from letters to leaves, buttons and flags – new on the market. Fussy Feet info at [www.fussyfeet.com.au](http://www.fussyfeet.com.au)
