

3 X CROCS OFF ROAD SHOES, VALUED AT \$59.95 EACH

Thinking of taking a break? Crocs, the clogs that are slowly taking over the world, have got you covered. Originally Crocs were designed with the intention of being purely a boating and outdoor shoe because of its unique slip-resistant and non-marking sole. Now with a new range of styles and features, you can take your Crocs with you wherever your holiday may lead you! For the adventurer who likes to get off the beaten track on their holiday, the "Off Road" is the perfect style for you because of the additional Crocs feature of an extra rugged sole for added traction and a protective toe cap – just in case. For stockists, phone 1800 469 382.
